Parent Information  
For the week of  
8.5.24 - 8.9.24

**First 2 days down and were FABUOLOUS!!!**

Jaguar Community,

This will be the first whole week of school for students! They had a great 2 days as they learned all the Valencia expectations and had fun.

**Cell Phones & Air Pods:** Students can use cellphones and air pods before or after school ONLY. When they arrive on campus they need to put in their backpacks. They will not be allowed out anytime during school times. We have been making announcements to students, so they are aware. If students have them out, they will be parent pick-up.

**Dress Code:** We will be enforcing dress code. If students are not in dress code, they will be receiving a consequence. The dress code is attached.

**Heat:** All students should have a water bottle. Water bottles do not have to be expensive; the cafeteria sells water for \$0.50. We have lots of fill stations on campus and encourage drinking water consistently.

**Student Council:** If your child is interested in leadership, school activities, event planning and helping the community they can go to H12 for Student Council. Ms. Z & Ms. Ruhl will be teaming up to make Student Council fun and fabulous this year.

### Upcoming Events:
